

Empresa::getNumeroTitulos

```
graph RL; A[Empresa::operator<] --> C[Empresa::getNumeroTitulos]; B[EmpresasComp::operator()] --> C;
```

The diagram illustrates a central box labeled 'Empresa::getNumeroTitulos' with a light gray background. Two arrows point towards this central box from the right. The top arrow originates from a box labeled 'Empresa::operator<' and points to the top edge of the central box. The bottom arrow originates from a box labeled 'EmpresasComp::operator()' and points to the bottom edge of the central box.

Empresa::operator<

EmpresasComp::operator()
